DIGITAL QUADRO

**TS 44 n**

**Digital Quadro**  
**4.1 channel nano**

Our TS 44n nano car speaker system is an new advance performance for music and movies. This model produces direct-radiating sounds from the front and rear satellites resulting in better clarity and separation compared to regular car speaker designs, the subwoofer produces powerful deep bass. This model comprises of 4 nos. nano satellites and 1 no. small subwoofer. For excellent results this 2 way speaker design can be connected directly to any car system / head unit. You can further enhance the performance by connecting any amplifier to the subwoofer.

This small wonder out-performs much larger speakers. A design for all small to medium size cars.

**Product Information**

4.1 channel - 2 way speaker system - 75 watts RMS x 4 channels - 1000 watts Peak Power Output - Nominal Impedance 4 ohms - Sensitivity ( 1 watt (2.83V) at 1 M) 90db - Frequency response 30 Hz - 22 KHz - Speakers - Four 2" full-range - Four 5 1/4" woofers - Front & Rear Cube dimensions - 2"H x 2"W x 3"D - Subwoofer dimension - 12"H x 6"W x 18"D - Tropicalized - Eco-friendly materials - weather
